New Life Member

At the November meeting of Mana U3A, Whitby resident, Isabel Roxburgh, was appointed a Life member.

Isabel and husband Irvine attended the 2nd meeting of U3A in 1991 and she has been a consistent and loyal member ever since. She was a founder member of the Book Group, which has been running since the beginning. Her husband ran a very successful course for many years on Comparative religions, which she attended. She took over running the French Group when the coordinator died and kept it going for a further few years. She has been a constant participant in many groups and courses, including the Book Group, as mentioned; the Film Group; the Garden Group; Bridge in the early days; a Political Science group, and attended, when she was home, every meeting of Outside the Square (which ran for 10 years) and the quarterly meetings.

As Isabel was on holiday at the time of the November AGM, a very surprised Isabel was presented with her Life membership certificate and flowers at the Travellers' Tales meeting the following week.

Our U3A Author – Mike Gould

"Flight of the Tui", a novel of fictional political and economic intrigue, set mainly in and around the Beehive, Wellington, in about 2040. The country, along with the rest of the world is in an on-going deep economic depression that no-one seems able to overcome. People are becoming desperate. A possible solution arises from an unexpected quarter, but it is so radical that there is widespread skepticism as to whether it could actually work. Cabinet ministers must choose between implementing a proposal from wide left field that could blow up in their faces, or maintain the status quo and risk being voted out of office. There are a number of futuristic ideas advanced in the story, which will be of interest to most thinking New Zealanders.

It's a fun read, and is available now at \$29.95 by contacting Mike Gould, Phone 233-0133 or by email mjgould@tauatapu.net.nz.

Mike will have copies at the February meeting at a discounted price of \$20

The teaching of 'how to write' is not an aim for this dedicated group but very positive mutual encouragement and support. Those not currently working on a project of their own enjoy the challenge of writing stories on a subject sentence or collection of words chosen at random from a dictionary each month - some of the results of these assignments have been of a high calibre.
